The version of the game you are playing and the current time will be displayed in the upper-right corner of the screen. If the game will continue later, click the [Continue] button. Turning Point: Fall of Liberty! Turning Point: Fall of Liberty is a strategy, action-adventure game released in 2009 by Ubisoft for the Wii. Gameplay In the first level of the game, the player character is dumped on an island. A jetpack enables them to get from one place to another. In order to advance, the player can complete quests (these

---

quests will usually be of the collect, kill, and/or solve variety) in order to level up, gain new abilities, and buy items. The player is tasked with forming a "blitzkrieg" army, take control of various control points around the island, and stop a powerful enemy, a sorcerer who has enslaved the entire island's population. The game has an innovative level creation system, allowing players to create new stages for the game. The goal is to defeat the witch and the sorcerer and gain points for every objective completed. Story A collection of the game in box can be bought with the game on disc. It was also released with Turnings Point: Fall of Liberty. Development The game was developed by Ubisoft Montreal. It was first announced on April 14, 2009. The game was originally slated to be released for the DS in December 2008, but was delayed until April 2009. Reception IGN gave the game a 7/10, praising the game's "streamlined" interface and "fresh" take on the turn-based strategy genre.
