PUBLIC URL NOTES ABOUT UNOFFICIAL OR PATCHED VERSIONS INTRODUCTION These rips are provided to give users the best possible experience with our software, including: Unofficial Version No crashes No issues No dodgy behavior No feature missing No add-ons No bugs No compatibility issues Fastest download speed Latest stable version There is a possibility of additional software being removed. PATCHED VERSION Fixes possible security issues Fixes possible bugs Addons / Add-ons Any feature of our software that is not working for you None of the above, but still better than other rips We recommend that you download the PATCHED VERSION as the patch. HOW TO DOWNLOAD Click the download link. Follow instructions on screen All our rips can be found in the Downloads section. PATCHED VERSION PATCHED VERSION LINK NOTES ON THE PATCHED VERSION This rip will install and run on the most recent version of your operating system. The download file for Windows, Mac, and Linux will be the same. In the event that there are differences between the variants, the differences will be clearly listed in the description of the zip file. Any files you download when using the patched version will be safely backed up as part of the process. This rip cannot be updated or changed and will not be provided in the event that there are any further updates. PRIVACY AND COOKIE USE Our rips do not use cookies Our rips do not use file sharing programs Our rips are not freely redistributable If you should download a rip that comes from a third party, you need to take care and read the disclaimer that came with it.
